

Site take over

Brief presentation

- The present salmon factory was built in 1990. It is moving to new facilities which leaves the opportunity for another company to take over the site. (preferably within agri business since the buildings have cold rooms and is equipped to produce food)
- The building will be **available** from the **end of 2007**.
- 300 tons of fish are being produced annually
- The site has **1692 m2** situated on a **6331 m2** piece of land with a parking lot for 65 cars.
- The location is in the middle of France in **Brioude, Auvergne**
- Close the motorway **A75 PARIS-CLERMONT-BEZIERS**.
- For further description, please contact: IFA Nordic Countries, tel +46 8 545 85 040
